Who are the Minnesota15?

The **Minnesota15** (MN15) are people who have been active in their communities and unions. Like tens of thousands of residents of the Twin Cities, they responded to the massive invasion and occupation by 4000 federal forces – Operation Metro surge.

Four months after most ICE and Border Patrol forces had been withdrawn from the area, Federal forces conducted raids on the homes of those who have been charged with obstructing their operations.

They face between 3 and 6 years in Federal prison, if convicted. ICE & Border Patrol terrorists go free and community defenders are imprisoned! We cannot allow this to happen!

We Are Facing This Together

We must do everything we can to make people aware of this. The Federal government presents members of the community as terrorists for resisting this occupation. It is government forces that are carrying out terrorist attacks.

Who are the MN15? Three healthcare workers, two public school teachers, two electricians, two welders, one college professor, one carpenter, one employee other the MN Dept. of Natural Resources, one artist, one traveling olive salesman.

There are other less-known cases around the country, where people have been arrested, some convicted and others awaiting trial for standing up to the policies of this regime.

We must stand together! More than 600,000 people have been arrested, many are still in the growing number of concentration camps around the country. At least 50,000 people continue to be arrested each month. No one is safe, unless we stand together and protect each other.

An Injury to One is an Injury to All!
